

## About Us

For every professional, who is looking for cost-effective low-voltage power distribution, industrial automation and home electrical products, Himel adds value to your business by providing the best combination of affordable and reliable offers through our global footprint and technology.

# HIMEL SMART

CONNECTED HOMES MADE AFFORDABLE.

Himel, Reliable made affordable

[www.himel.com](http://www.himel.com)

**HIMEL SMART** makes connected products in your home easy by providing a **simple and accessible solution**.

Usable anytime, anywhere even when you are away, all you need is a Wi-Fi connection and a Smart Phone.

Our goal is to promote a **Smart Home solution affordable** and take the Smart Home from a niche market to the mass consumer market in new economies where the Smart Phone penetration is increasing day by day.

## Simple and accessible

### Connect

Connect to Wi-Fi, connect to home, connect to your mobile phone. No longer a dream, we make smart home a reality. Connection is simpler than you think.

### Control

Anytime, anywhere, you have your home under control. Managing and monitoring all of your home devices remotely.

### Improve

Connecting your appliances and other systems with automation technology will improve your appliance effectiveness. HIMEL smart will lead to energy efficiency, savings, and an overall better quality of life!

### Enjoy

It adds convenience, comfort, and peace of mind. You can easily manage these things with one press of a button or one voice command. It overall makes your home life much more easier and enjoyable.
