

Product data sheet

HKG316TD230

CharacteristicsDigital time switch, HKG316TD, 230/380 V AC, single output, internal rechargeable battery

Main

Range of product	HKG
Product or component type	Programmable digital time switch
Device short name	HKG316TD
Battery type	Rechargeable

Complementary

Number of outputs	1.0
[Ie] rated operational current	AC-15: 3 A AC 50 Hz 240 V
Rated control voltage	230/380 V AC
Maximum number of switchings	16 on - 16 off per day
Rated thermal current	10 A
Accuracy	+/- 2 s/day
Display type	Digital display

Environment

Standards	IEC 60947-5-1
-----------	---------------

Packing Units

Unit Type of Package 1	PCE
Number of Units in Package 1	1
